Sub: Buildings - Agricultural Department - Provision of quarters for the staff at the Agricultural Research Station, Siruguppa and the construction of a shed.

It has been represented to Honourable Minister (Agriculture) during his visit to the Agricultural Research Station, Siruguppa on 28-9-1950 that the staff, both gazetted and non-gazetted, including the menials, working at the Agricultural Research Station, Siruguppa, have not yet been provided with living quarters. It is stated that no suitable buildings are also available at Siruguppa to accommodate the above staff and that they are experiencing considerable hardship in walking four times every day to the town. It was also brought to the notice of Honourable Minister, that a shed is necessary at the Station to house the valuable carts and store the implements which are now left outside without any protection from weather and thefts.

The Director of Agriculture is requested to offer his remarks on the above suggestions and submit necessary proposals for consideration of the Government.

A very urgent reply is requested.
